Independent Auditor's Report

Board of Directors Kinship MKE, Inc. Milwaukee, Wisconsin

Opinion

We have audited the accompanying financial statements of Kinship MKE, Inc. (a nonprofit organization), which comprise the statements of financial position as of December 31, 2021 and 2020, and the related statements of activities, functional expenses and cash flows for the years then ended, and the related notes to the financial statements.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Kinship MKE, Inc. as of December 31, 2021 and 2020, and the changes in its net assets and its cash flows for the years then ended in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Kinship MKE, Inc. and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Kinship MKE, Inc.'s ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements, including omissions, are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Kinship MKE, Inc.'s internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Kinship MKE, Inc.'s ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

Thank " Amocite SC

Krause & Associates, SC Grafton, Wisconsin August 31, 2022

A - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

A summary of the significant accounting policies consistently applied in the preparation of the accompanying financial statements follows.

1. Organization and business activity

Kinship MKE, Inc. (Organization) is incorporated under the laws of the State of Wisconsin. In April 2022, the Organization changed its name from Riverwest Food Pantry and is now known as Kinship Community Food Center. The Organization is a community food center that engages volunteers and neighborhood residents to end hunger, isolation, and poverty. Our innovative programs nourish food security and wellness, foster belonging and community engagement, and empower stability and economic prosperity in our city. We serve low-and moderate-income residents on Milwaukee's Northside within the 53202, 53203, 53211, 53212, and 53217 zip codes.

The Organization operates under a Food Center Model: This new approach is a dynamic response to our community's desire for deeper kinship, greater wellness programming, and expanded support to advocate for housing and employment stability. It empowers residents to create nourishment, belonging, and prosperity in low-income communities through the power of food. It draws people from all cultural and socio-economic backgrounds into a deeper community of mutuality. Developed alongside a growing network of innovative hunger organizations across the United States and Canada, our model addresses the wellness of a community by using food as an entry point for change.

The Organization was impacted by the COVID world-wide pandemic throughout the year, see Note L.

Nature of programs:

The Organization offers several programs which address food scarcity and help the whole person thrive. They are briefly described below:

Shop | Fresh Food Market

Shop is a fresh food market that integrates health education, cooking demonstrations, a food bar, and connections to community resources. The Organization rescued and sorted 47,000 pounds of produce and distributed more than 290,000 pounds of food to nearly 15,000 shoppers. Shop served breakfasts from our community kitchen and held food preparation demos provided by community chefs. Over 400 Thanksgiving meals were given to families.

A - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – CONTINUED

1. Organization and business activity - continued

Grow | Urban Farm

To feed and educate the community, the Organization operated a 27,000 square foot urban hoop house vegetable farm and gardens that grew 10,000 pounds of fresh, local, and organic produce in 2021. The Organization partnered with Maglio Company and Groundwork Milwaukee to operate the farm.

Feast | Collaborative Meals

Feast is a collaborative meal that bring a diverse group around a common table to explore food traditions and whole food culinary skills. Three Feast meals and three Farm to Fork meals occurred in 2021. Additionally, a monthly Recipe Bag program provided shoppers with a bag of groceries, highlighting a produce item, and a recipe to make a meal.

Stride | Crisis Assistance and Mentoring

Stride is a mentoring program that accompanies people in crisis to overcome barriers to health and economic stability. Staff and volunteer mentors assess and walk with shoppers to navigate the myriad barriers that often accompany food insecurity. The Organization partnered with 29 organizations and gave more than 250 referrals for families in crisis for mentoring and other direct assistance.

Form | Training and Education

Form is a service-based training for volunteers and neighborhood residents in spiritual formation, social justice, and civic action. Nearly 3,500 community members gave over 11,000 hours of volunteer services in 2021. More than 800 people were trained on structural poverty via our Poverty 101 and Poverty 102 trainings.

Mission Internship | A Year of Service

In 2021, our sixth year of the Mission Internship program, five women and four men gave a year of their life in service to the community while living together in two neighborhood homes near the food center. More than just learning to coordinate the operational functions of our food center and farm, the mission interns established real relationships to support shoppers, volunteers, and one another. They also participated in bi-weekly formation sessions and gathered for prayer at the start of each morning.

A - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – CONTINUED

2. Cash, cash equivalents and restricted cash

The Organization considers all highly liquid financial instruments with original maturities of three months or less, which are neither held for nor restricted by donors for long-term purposes, to be cash and cash equivalents. The following table provides a reconciliation of cash, cash equivalents and restricted cash reported within the statements of financial position to the sum of the corresponding amounts within the statements of cash flows:

	2021	2020
Cash and cash equivalents	\$2,490,856	\$1,963,638
Cash restricted to unemployment reserve	5,065	5,060
	<u>\$2,495,921</u>	<u>\$1,968,698</u>

3. Contributions and Contributions Receivable

The Organization records unconditional promises to give that are expected to be collected within one year at net realizable value. Unconditional promises to give expected to be collected in future years are initially recorded at fair value using present value techniques incorporating risk-adjusted discount rates designed to reflect the assumptions market participants would use in pricing the asset. In subsequent years, amortization of the discounts is included in contribution revenue in the statements of activities. The Organization determines the allowance for uncollectable promises to give based on historical experience, an assessment of economic conditions, and a review of subsequent collections. Promises to give are written off when deemed uncollectable. The Organization had \$10,000 of contributions receivable as of December 31, 2020. All contributions receivable amounts were due within 12 months of the year end.

4. Inventory

Inventory consists of donated food. Donated food is valued at the lower of fair market value on the date of donation or market. The specific identification method is used for inventory. The inventory system identifies the inventory with the earliest expiration date to be used first and it is the Organization's policy to keep two months' worth of inventory on hand.

5. Prepaid expenses

Prepaid expenses represent disbursements paid in advance for the subsequent fiscal year.

A - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – CONTINUED

6. Investments

The Organization records investment purchases at cost, or if donated, at fair value on the date of donation. Thereafter, investments are reported at their fair values in the statements of financial position. Investment income is reported in the statements of activities and consists of interest and dividend income, unrealized capital gains and losses, and realized gains and losses less external investment expenses.

Investment securities, in general, are inherently subject to various risks, such as interest rate, credit, and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the value of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statements of financial position and statements of activities.

7. Property and equipment

Property and equipment are recorded at cost or fair market value if donated. The Organization's policy is to capitalize all tangible assets which separately or in the aggregate have an acquisition cost of \$2,500 or greater. Major additions and improvements are capitalized. Property and equipment are depreciated over the estimated useful lives of the assets, ranging from 5 to 39 years, using the straight-line method. When assets are sold or otherwise disposed of, the cost and related depreciation or amortization are removed from the accounts, and any resulting gain or loss is included in the statements of activities. Costs of maintenance and repairs that do not improve or extend the useful lives of the respective assets are expensed currently. Depreciation expense for the years ended December 31, 2021 and 2020 was \$9,143 and \$5,489, respectively.

The Organization reviews the carrying values of property and equipment for impairment whenever events or circumstances indicate that the carrying value of an asset may not be recoverable from the estimated future cash flows expected to result from its use and eventual disposition. When considered impaired, an impairment loss is recognized to the extent carrying value exceeds the fair value of the asset. There were no indicators of asset impairment during the years ended December 31, 2021 and 2020.

A - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – CONTINUED

8. Net assets

The Organization follows the accrual method of accounting wherein revenues and expenses are recorded in the period earned or incurred. Net assets, revenues, gains, and losses are classified based on the existence or absence of donor or grantor-imposed restrictions. Accordingly, net assets and changes therein are classified and reported as follows:

Net Assets Without Donor Restrictions – Net assets available for use in general operations and not subject to donor (or certain grantor) restrictions.

Net Assets With Donor Restrictions – Net assets subject to donor- (or certain grantor-) imposed restrictions. Some donor-imposed restrictions are temporary in nature, such as those that will be met by the passage of time or other events specified by the donor. Other donor-imposed restrictions are perpetual in nature, where the donor stipulates that resources be maintained in perpetuity.

The Organization reports contributions restricted by donors as increases in net assets without donor restrictions if the restrictions expire (that is, when a stipulated time restriction ends or purpose restriction is accomplished) in the reporting period in which the revenue is recognized. All other donor-restricted contributions are reported as increases in net assets with donor restrictions, depending on the nature of the restrictions. When a restriction expires, net assets with donor restrictions are reclassified to net assets without donor restrictions and reported in the statements of activities as net assets released from restrictions.

9. Revenue and Revenue Recognition

Revenue is recognized from programs when the services are provided. All services are transferred at a point in time. Contributions are recognized when cash, securities or other assets, an unconditional promise to give, or notification of a beneficial interest is received. Conditional promises to give, that is, those with a measurable performance or other barrier, and a right of return, are not recognized until the conditions on which they depend have been substantially met. As of December 31, 2021 and 2020, the Organization has no conditional contributions.

A - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – CONTINUED

10. Donated services and in-kind contributions

Volunteers contribute significant amounts of time to our program services, administration, and fundraising and development activities; however, the financial statements do not reflect the value of these contributed services because they do not meet recognition criteria prescribed by generally accepted accounting principles. Contributed goods are recorded at fair value at the date of donation. The Organization records donated professional services at the respective fair values of the services received (see Note G).

11. Allocation of functional expenses

The financial statements report certain categories of expenses that are attributed to more than one program or supporting function. Therefore, expenses require allocation on a reasonable basis that is consistently applied. The expenses that are allocated include occupancy, depreciation, salaries and wages, benefits, payroll taxes, professional services, office expenses, supplies, insurance, and other, which are allocated on the basis of estimates of time and effort.

12. Use of estimates

The preparation of the financial statements in conformity with U.S. generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates, and those differences could be material.

13. Income taxes

The Organization is a not-for-profit corporation as described in Section 501(c)(3) of the Internal Revenue Code and is exempt from federal income taxes on related income pursuant to Section 501(a) of the Code.

The Organization evaluates it tax positions and assesses their uncertainty, if any, through review and application of various sources of tax authority including statutes, regulations, rulings, court cases and widely held administrative practices.

A - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – CONTINUED

13. Income taxes – continued

The Organization's informational returns are subject to examination by the IRS, generally for three years after they were filed. Management believes that no uncertain tax positions exist for the Organization at December 31, 2021 and 2020. The Organization has not incurred any interest or penalties for income taxes for the years ended December 31, 2021 and 2020.

14. Subsequent events

Management has evaluated subsequent events for recognition and disclosure in the financial statements through August 31, 2022, which is the date that the financial statements were available to be issued, one item was noted for disclosure, see Note K.

B – LIQUIDITY AND AVAILABILITY

Financial assets available for general expenditure, that is, without donor or other restrictions limiting their use, within one year of the statements of financial position date of December 31, 2021 and 2020, comprise the following:

	2021	2020
Cash and cash equivalents	\$2,490,856	\$1,963,638
Investments	2,212,422	1,570,583
Contributions receivable	-	10,000
Other receivable	800	550
Less amounts unavailable for general expendence	ditures:	
Donor purpose restrictions	(1,451,422)	<u>(1,310,763</u>)
	<u>\$3,252,656</u>	<u>\$2,234,008</u>

As part of its liquidity plan, the Organization invests cash in excess of daily requirements in short-term money market funds.

C - CASH - RESTRICTED UNEMPLOYMENT RESERVE

The Organization adopted the reimbursement method for Wisconsin state unemployment compensation purposes. As required by the Wisconsin Unemployment Fund, the Organization assures reimbursement to the Wisconsin Unemployment Fund by means of holding a restricted savings account as a reserve for state unemployment. The balance of the account was \$5,065 and \$5,060 as of December 31, 2021 and 2020, respectively.

D – FAIR VALUE MEASUREMENT AND DISCLOSURES

The Organization reports certain assets at fair value in the financial statements. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction in the principal, or most advantageous, market at the measurement date under current market conditions regardless of whether that price is directly observable or estimated using another valuation technique. Inputs used to determine fair value refer broadly to the assumptions that market participants would use in pricing the asset or liability, including assumptions about risk. Inputs may be observable or unobservable. Observable inputs are inputs that reflect the assumptions market participants would use in pricing the asset or liability based on market data obtained from sources independent of the reporting entity. Unobservable inputs are inputs that reflect the reporting entity's own assumptions about the assumptions market participants would use in pricing the asset or liability based on the best information available.

A three-tier hierarchy categorizes the inputs as follows:

Level 1 – Quoted prices (unadjusted) in active markets for identical assets or liabilities that we can access at the measurement date.

Level 2 – Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly. These include quoted prices for similar assets or liabilities in active markets, quoted prices for identical or similar assets or liabilities in markets that are not active, inputs other than quoted prices that are observable for the asset or liability, and market-corroborated inputs.

Level 3 – Unobservable inputs for the asset or liability. In these situations, we develop inputs using the best information available in the circumstances.

D – FAIR VALUE MEASUREMENT AND DISCLOSURES - CONTINUED

In some cases, the inputs used to measure the fair value of an asset or a liability might be categorized within different levels of the fair value hierarchy. In those cases, the fair value measurement is categorized in its entirety in the same level of the fair value hierarchy as the lowest level input that is significant to the entire measurement. Assessing the significance of a particular input to the entire measurement requires judgment, taking into account factors specific to the asset or liability. The categorization of an asset within the hierarchy is based upon the pricing transparency of the asset and does not necessarily correspond to our assessment of the quality, risk, or liquidity profile of the asset or liability.

The majority of the Organization's investment assets are classified within Level 1 because they comprise open-end mutual funds and bonds with readily determinable fair values based on daily redemption values. The Organization invested in a certificate of deposit in the financial markets through a local bank. Those certificates of deposit are valued by the custodians of the securities using pricing models based on credit quality, time to maturity, stated interest rates, and market-rate assumptions, and are classified within Level 2.

Assets that were accounted for at fair value on a recurring basis as of December 31, 2021 are as follows:

	Level 1	Level 2	Level 3	<u>Total</u>
Money market funds	\$ -	\$-	\$-	\$ 19,745
Certificate of deposit	-	150,225	-	150,225
Equities	-	-	-	-
Mutual funds	1,826,172	-	-	1,826,172
Exchange traded funds	216,280			216,280
Total	<u>\$2,042,452</u>	<u>\$150,225</u>	<u>\$ -</u>	<u>\$2,212,422</u>

Assets that were accounted for at fair value on a recurring basis as of December 31, 2020 are as follows:

	Level 1	Level 2	Level 3	<u>Total</u>
2	\$ -	\$ -	\$ -	\$ 114,972
Equities Mutual funds	- 1,324,577	-	-	- 1,324,577
Exchange traded funds	131,034			131,034
Total	<u>\$1,455,611</u>	<u>\$</u>	<u>\$ </u>	<u>\$1,570,583</u>

E – REFUNDABLE ADVANCE – PAYROLL PROTECTION LOAN FORGIVENESS

The Organization was granted a \$52,368 loan under the Paycheck Protection Program "PPP" administered by a Small Business Administration (SBA) approved partner during the COVID-19 outbreak (see Note K). The loan is uncollateralized and is fully guaranteed by the Federal government. The Organization initially recorded the loan as a refundable advance and subsequently recognized grant revenue in accordance with guidance for conditional contributions; that is, once the measurable performance or other barrier and right of return of the PPP loan no longer existed. The Organization has recognized \$52,368 as grant revenue for the year ended December 31, 2020.

F-NET ASSETS

Contributions received are recorded as donor restricted net assets depending on the existence and or nature of any donor-imposed restrictions. As restrictions are met and funds expended, assets are released from restrictions. Net assets with donor restrictions are restricted for the following purposes as of December 31, 2021 and 2020:

	2021	2020
Purpose restriction		
Capital projects and program expansion	\$1,450,772	\$1,251,000
Video production	-	10,000
Recipe in a Bag	-	25,392
Strategic plan	-	-
STRIDE Phoenix Challenge	-	23,721
Kid's Corner	650	650
Total	<u>\$1,451,422</u>	<u>\$1,310,763</u>

Net assets were released from donor restrictions by incurring expenses satisfying the restricted purpose or by occurrence of the passage of time or other events specified by the donors as follows for the years ended December 31, 2021 and 2020:

	2021	2020
Purpose restriction		
Capital projects and program expansion	\$ 100,228	\$ -
Video production	10,000	-
Strategic plan	-	28,442
Recipe in a Bag	25,392	9,608
STRIDE Phoenix Challenge	51,071	78,384
	<u>\$ 186,691</u>	<u>\$ 116,434</u>

G - NON-CASH CONTRIBUTIONS AND EXPENDITURES

The Organization receives and distributes food and personal items. The estimated value of this food is recorded as both revenue and expense at the time of receipt. 260,019 and 160,274 pounds of food, valued at \$403,241 and \$354,479 was received in the years ended December 31, 2021 and 2020, respectively.

During the years ended December 31, 2021 and 2020, the Organization received the free use of warehouse for storage and pantry space at St. Casimir Church. Amounts have been recognized as revenues and expenses in the accompanying financial statements for the fair value of the donated facilities of \$9,600 for the years ended December 31, 2021 and 2020, respectively.

The Organization also receives various types of contributed goods and services support, including professional services and supplies. Donated services are reported in the financial statements for voluntary donations of professional services when those services create or enhance nonfinancial assets or require specialized skills, are provided by individuals possessing those skills, and typically would be purchased if not provided by donation. The approximate fair value of donated goods and services totaled \$78,043 and \$6,289 for the years ended December 31, 2021 and 2020, respectively.

The Organization received donated materials and professional services as follows for the years ended December 31, 2021 and 2020:

	2021	2020
Supplies	\$ 290	\$ 4,789
Professional fees	27,937	1,500
Equipment capitalized	49.816	
	<u>\$ 78,043</u>	<u>\$ 6,289</u>

A number of unpaid volunteers have made significant contributions of their time in conjunction with the Organization's programs and services. The value of this contributed time is not included in these financial statements, as they do not meet the criteria for recognition.

H - LEASE COMMITMENTS

The Organization leases its office facilities under a 12-month operating lease expiring on July 31, 2022. The lease calls for monthly payments of \$1,660. Rent expense related to this lease was \$17,057 and \$14,732 for the years ended December 31, 2021 and 2020, respectively. Subsequent to year end, the lease was renewed for an additional 12 months through July 31, 2023 with monthly payments of \$1,709.

The Organization leases additional space for kitchen and dining facilities in conjunction with the pantry operations under a 2-year operating lease expiring on January 14, 2021. During 2020, the lease was renewed for an additional two-year period expiring on January 13, 2023. For the year ended December 31, 2020, the lease required monthly payments of \$325. Monthly payments increased to \$500 for the lease renewal period. Rent expense related to this lease was \$6,000 and \$3,900 for the years ended December 31, 2021 and 2020, respectively.

In 2021, the Organization entered into a month-to-month operating lease for a men's mission house with quarterly rent payments of \$2,500. Rent expense related to this lease was \$5,358 for the year ended December 31, 2021.

As noted in Note G, the Organization received the free use of warehouse for storage and pantry space at St. Casimir Church. Amounts have been recognized as revenues and expenses in the accompanying financial statements for the fair value of the donated facilities of \$9,600 and \$9,600 for the years ended December 31, 2021 and 2020, respectively.

Future minimum lease payments required under the lease agreements are as follow:

2022	\$ 26,165
2023	 11,963
Total	\$ 38,128

Rent expense totaled \$38,515 and \$28,882 for the years ended December 31, 2021 and 2020, respectively.

I - RETIREMENT PLAN

During 2020, the Organization established a SIMPLE retirement plan for its employees covering all employees who meet certain requirements. Eligible employees may defer compensation up to 100% of compensation not to exceed the maximum amount allowed by law. Fully funded contributions made by the Organization totaled \$15,385 and \$7,415 for the years ended December 31, 2021 and 2020, respectively.

J-CONCENTRATIONS

The Organization maintains cash balances at a local bank. Accounts at the bank are insured by the Federal Deposit Insurance Corporation up to \$250,000. The uninsured portion, without regard to outstanding checks and deposits in transit was \$1,806,499 and \$1,440,538 as of December 31, 2021 and 2020. The Organization has not experienced any losses on these accounts. Management believes the Organization is not exposed to any significant credit risk on cash.

The Organization received approximately \$550,000 and \$1,250,000 or 20% and 36% respectively, of its revenue, during 2021 and 2020, from two donors.

K – SUBSEQUENT EVENT

In April 2022, The Riverwest Food Pantry, Inc. changed its name to Kinship MKE, Inc. and operates the pantry as Kinship Community Food Center. After 40 years, the mission of the Organization had evolved from feeding people to helping one another thrive; the new name better reflects how the Organization gathers neighbors around food to share their lives and build trusting relationships. Rather than just distributing food, Kinship Community Food Center aims to build relationships around food that have the power to transform people's lives as individuals and as a community.

L – RISKS AND UNCERTAINTIES

The Covid-19 world-wide pandemic continued to impact the Organization in 2021. Food distribution occurred in our parking lot via contactless curbside pick-up. Food programming, like our Farm to Fork and Feast meals, took place outside during favorable weather. The Organization renovated and redesigned its distribution site while indoor operations were closed and re-opened with a fresh food market design in March of 2022. After the re-open, all food center programming returned including weekly cooking demonstrations provided by local chefs and was expanded to include a dinner bar during Tuesday evening operations.

M – RECENT ACCOUNTING GUIDANCE

In February 2016, the FASB issued ASU No. 2016-02, *Leases* (Topic 842), which requires lessees to recognize leases on the balance sheet and disclose key information about leasing arrangements. The new standard establishes a right-of-use (ROU) model that requires a lessee to recognize a ROU asset and lease liability on the statement of financial position for most leases with a term longer than 12 months. Leases will be classified as finance or operating, with classification affecting the pattern and classification of the expense recognition in the consolidated statement of activities. The effective date for this standard has been delayed to annual reporting periods beginning after December 15, 2021. Management is currently evaluating the impact of the standard.
